

Position Opening

Breaking Ground has an opening for a Maintenance Manager/Assistant Designer!

Breaking Ground is a Landscape Design/Build and Maintenance Company looking to add a self-driven, organized, and detail-oriented individual to join our collaborative design team. Ideal candidates are creative thinker and problem-solvers who have an eye for planting design, a love for brainstorming, and can contribute a positive energy and a high level of craft.

You'll have the opportunity to help grow Breaking Ground's Maintenance department, from new client acquisition to annual planting design, crew management to marketing and sales.

Key responsibilities:

- Creating and maintaining a relationship with our valued clientele
- New client acquisition for annual plantings and maintenance
- Assisting in creating new annual and perennial planting designs
- Managing and developing the maintenance team
- Common Plant ID and plant health care
- Pruning techniques/ Natural Pruning Techniques
- Identify problems on properties and communicate to the team
- Researching and sourcing annual/tropical plant materials and the latest planters
- Brainstorming with team for new company growth
- Strategizing creative marketing packages for our contacts with the team
- Updating social media and web-presence
- Overall, helping grow the company.

Preferred skills:

Project Management and Tracking, Laying out plant designs, Developing maintenance schedule, Sourcing and acquiring annual plantings. Invoicing completed projects.

Benefits:

Competitive salary based on experience.
